

Gynae Oncology Academic Meeting (MDT)

Melomed Private Hospitals invite all Gynaecologists and General Practitioners to refer patients with gynaecological cancers to a dedicated Multidisciplinary Academic Forum (MDT).

This forum provides a platform where patients are:

- Reviewed by an expert multidisciplinary panel
- Discussed in an academic, evidence-based setting
- Managed in accordance with internationally recognised clinical guidelines
- Offered coordinated, patient-centred oncology care

Expert Panel includes:
