

Melomed Mitchells Plain Achieves Discovery Health Spinal Centre of Excellence Accreditation.

Melomed Mitchells Plain is proud to announce its official accreditation as a Spinal Centre of Excellence with Discovery Health, in collaboration with Dr Hammad Gamieldien, Specialist Orthopaedic and Spinal Surgeon.

This prestigious accreditation recognises the hospital's commitment to delivering exceptional spinal care, supported by stringent clinical standards, multidisciplinary collaboration and a focus on patient outcomes.

Dr Hammad Gamieldien, who plays a key role in achieving this milestone, said:

“Being recognised as a Spinal Centre of Excellence is a significant step forward in ensuring patients have access to specialised, high-quality spinal care. This accreditation reflects the standard of care we strive to provide everyday.”

The designation by Discovery Health affirms that Melomed Mitchells Plain meets rigorous criteria in clinical quality, patient safety and treatment outcomes - positioning the hospital as a trusted provider of advanced spinal services within the community.

“This milestone reinforces our commitment to accessible, world-class healthcare. Patients in Mitchells Plain and surrounding areas can now receive expert spinal care at a facility recognised for excellence, without needing to travel far from home.” says Faizel Hendricks the Hospital Manager.

Melomed Mitchells Plain remains dedicated to continuously enhancing its specialised services and improving patient care across all disciplines.
